

## **President Message for August 2006**

**With 3 races left in the season there is lots of great racing to go and some very close point chases. It has been a Great season with the Champ Race behind us, what a great time we all had. Our new computer software has made it a lot easier for sign in. And makes for less work on our tower staff each race day.**

**We are still having issues with finding corner workers for our race day. Even with our classes knowing they are to have workers that race week they still come unwilling to work. We still come up short for corner workers each race. With this being a volunteer club, run by volunteers. We need its members help each week in this area in a very big way. If you can help in these last 3 races please give Lynda or myself a call.**

**If you did noticed we had a EMT Squad on site at our last CRP July 30 race. And we will have a EMT Squad at our Sept 17 race at CRP also. Its makes us feel better if they are there and never used on any of our race days. This has to be a extra cost to both the club and track owner at our away races. At G&J our home track, the EMT Squad is paid for by the reserved pit spot sales each year.**

**We are moving along with the Track Improvement Committee, Rules Committee, and getting ready for our season end. With race dates being looked at for 2007 and Show and Promotions right around the corner. Also we are looking at our Banquet in Jan. 20, 2007 our Swap Meet Feb. 3, 2007.**

**We need to keep in mind to Thank Our Sponsors that support us each year. And Thank all of our staff and workers that make our races work so well each week.**

**With that said I hope to see you all at a Board meeting and our last 3 races.**

**Lets keep the fun in Racing**

**Randy N Vermillion OVKa President**
